My aim is to finish three chapters (which I anticipate will be the most complex ones, since a lot of the later work
will involve cutting and will be made easier if you and Ehud agree that the first three are on the lines we want)
by the end of November. Then to move as quickly as I can (with periodic meetings with Ehud to get the further material required). It would be helpful to have your own detailed comments on Chs 3-6 by the end
of the month as well, so I can wrap those into the rewrite as we move along.
Best
Ned
